

*Take care of your
geyser, it will take
care of your
electricity bill*

MAKE YOUR HOME AN ENERGY SAVING HOME WITH ISOVER

The South African National Standard (SANS 10400-XA) now mandates the use of pipe insulation for all hot water pipes in new buildings or extensions.

The standard aims to guide homeowners to improve and maintain their energy-saving homes.

Meet the SANS requirements and enjoy long-term energy savings with the Isover Geyser Insulation Pack.

ISOVER is a division of Saint-Gobain Construction Products SA (Pty) Ltd

Block A • Siemens Office Park
• 300 Janadel Avenue • Halfway House
• Midrand • 1685

The pack repays itself within a 4 month period while you enjoy long-term savings.

Water stays hotter for longer thus, reducing your water and electricity consumption.

**The savings are calculated using average electricity costs along with average water usage.*

The pack contains the following:

- 1 x Glasswool Insulation Blanket
- 1 x Duct Tape
- 5 x 1 metre Glasswool Snap on Pipe Insulation

SANS 10400-XA mandates the use of pipe insulation for all hot water pipes in new buildings or extensions.
